**NAAU Policy  
on Surveillance and Unplanned Assessment  
of Conformity Assessment Bodies Accredited by NAAU**

1. NAAU carries out the planned on-site assessments with the purpose of surveillance after accredited conformity assessment bodies accredited once a year (in every 12 months).
2. NAAU can carry out the planned surveillance in one month before or two months after established term.
3. NAAU has the right to carry out unplanned on-site assessments of accredited conformity assessment bodies in the case of receipt by NAAU:
  - orders of central executive authorities;
  - requirements of state supervisory and law enforcement authorities concerning inspection of accredited conformity assessment body activity in respect of which the facts or information about gross violations of current legislation in the field of accreditation are available;
  - appeals and complaints submitted in cases specified by legislation, connected with activity of accredited conformity assessment bodies.
4. Validity period of this policy is not limited.
5. Revision – in case of necessity.
