

List of industries determined during accreditation of management system certification bodies

1. Scope

1.1 This document is obligatory for accreditation personnel involved in conducting of works for accreditation of management system certification bodies.

1.2 This document is not applied for determination of scope for certification bodies certifying management systems of food products safety such as defined by ISO 22000.

2. Terms and definitions

2.1 For the purpose of this document, the terms and definitions given in ДСТУ ISO/IEC 17011:2005 and ISO 17000:2004 apply

2.2 There are such abbreviations using in the procedure:

MSCB - management system certification body;

NACE - statistical classification of economic activities;

CEA - classification of economic activities.

3. Generals

3.1 This document provides traceability of accreditation scope to the statistical range of economic activities NACE version 2 published by the Commission of European Cooperation (Official Bulletin L 393/1, 30.12.2006) and developed with the purpose of providing of consistent application by accreditation personnel of p.7.1.1 of standard ISO/IEC 17021:2006 and p.7.2.1 of standard ISO/IEC 17011.

3.2 Sections T and U of NACE version 2, including codes NACE 97, 98 and 99, are not put on the list of the section 4. Using of these industries for description of "technical fields" for management systems stated in ISO/IEC 17021:2006, p.7.1.1 is limited.

3.3 Accreditation scope of MSCB is to be determined by scopes of industries and appropriate code of CEA currently in force in Ukraine as stated in p.4.

If necessary, industry scopes can be limited by separate types of activity in column "Name of type of economic activity" F-08.09.17. In this case the proper exclusion is formulated (for example, "Extractive industry, except for production of hydrocarbons").
